		4 yrs. to 12 yrs.	Femur	70	40	Yes			

Disclaimer for fill-in worksheet:

Use this fill-in chart to record the exposure factors needed to produce a Technique Chart in compliance with your facilities requirements.

Images should not be rejected or repeated because of S Values alone.

Facilities should establish the "Typical S Value Ranges" based on the image quality preferences of the Radiologist and after review by your medical physicist.
